

## Penalties

### **Honest** (3 points)

You cannot lie. You can leave things out but you cannot lie. What information you give must be true as far as you know, but it can be told in ways that can be mis-perceived.

### **Rapid Aging** (2 points)

Your character ages 5 times faster than it should.

### **Dust to Dust** (3 points)

If your character touches both feet to the ground than he will crumble to dust. It is usually changelings who suffer from this penalty because their time elsewhere has changed them so much time has forgotten them, when both their feet are planted in their native soil their time will remember them and will catch up to them.
